365

•Please mute yourselves

•If there aren't a lot of people, we'll take questions openly throughout the presentation

•Otherwise, feel free to ask question in the Chat panel or click the 'Raise hand' icon

•You can also join our Microsoft Teams Conference Channel and continue the conversation there (Ask Us How?)

Instructions: <u>https://itrak365.com/conference-schedule/</u>

•If you have question after the conference, see above or you can just email them to us via <u>support@neosystems.com</u>

•We can provide copies of the video and any presentation materials, just ask

•Check out our YouTube and LinkedIn pages as well

•Make sure to look at the Schedule for other sessions

#### Introductions

Kassem Elrafih Customer Support & Power Bl Specialist Moderator

Darren Houston
Solutions Architect

### Agenda

01 • What is Power Bl 02 Power BI Services 03 • Power BI Plans 04 • Out of Box Power Bl Demo 05 • Power BI Reporting Service 06 • Open Q&A

Microsoft's Power BI is a business intelligence platform that provides nontechnical business users with tools for aggregating, analyzing, visualizing and sharing data.

Build powerful end-to-end business solutions by connecting Power BI across the entire Microsoft Power Platform—and to Office 365, Dynamics 365, Azure, and hundreds of other apps—to drive innovation across your entire organization.

Unify data from many sources to create interactive, immersive dashboards and reports that provide actionable insights and drive business results.

#### **High Quality Reports – Minimal Effort**
