SAFETECH Synergy 2020: Recordings & Specials

Recordings

There were **22 sessions** in total with a lot of great content, demos, discussions, and real-world applications of our World Class Health & Safety Technology. We want to make sure that you can still access all the valuable information that the conference provided!

First, we'd recommend watching the **Opening Keynote**. It was our most-attended session and covered a lot of great information at a high-level.

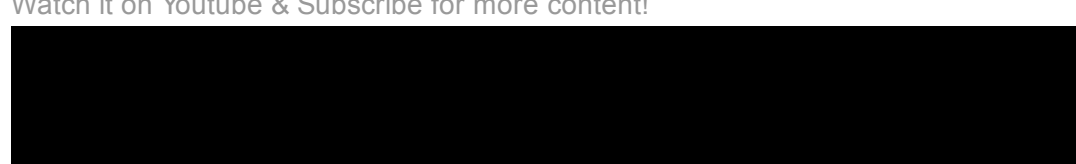

- Major Announcements
- Technical Previews for later sessions
- Microsoft VP guest-spot
- Customer Roundtable
- And More!

Watch it on Youtube & Subscribe for more content!

Secondly, we'd like to highlight one of our most important and popular announcements...**the Integration of ITRAK 365 with Microsoft Teams!** More information can be found in the Teams Integration Section.

Watch it on Youtube & Subscribe for more content!

Lastly, please make sure to check out our other content as we begin to make it all available.

- [AI Builder Session](#) (Available Now!)
- Training App Session
- EnviroNZ Driver Training
- and many more...

Check back on the [Conference Schedule](#) regularly as we post other videos! or check out our Youtube Channel!

ITRAK 365 now in Microsoft Teams!

Just ask us how

New ITRAK 365 Integration within Microsoft Teams!

As announced at our Safetech Synergy ITRAK Conference 2020, we've now unveiled the integration capabilities of Microsoft Teams with our ITRAK 365 Health & Safety solution.

With ITRAK 365 in Microsoft Teams, you can:

- Save Time
- Collaborate dynamically
- Communicate instantly and directly
- Optimize approvals and resolutions
- Make instant system adjustments
- and so much more!

This is a huge technical development and it opens up a lot of opportunities for future technical developments, collaborative work, more flexible system control, and more! It's only the beginning of what we think can be a game-changer in Collaborative Safety in the new work environment.
